

Application development using C++ (40 Hrs)		
Nr.	DESCRIPTION	Hrs.
1	Overview Of C++	2
2	Object, Class	2
3	Polymorphism, Inheritance, Encapsulation	2
4	Data Types & Basic Input Output Functions	4
5	Decision Statements In C++	4
6	Different Types Of Loops	4
7	Arrays	4
8	Introduction To Functions	2
9	Pointers	2
10	Classes And Objects	2
11	Function Overloading	2
12	Operator Overloading	2
13	Inheritance	4
14	File Handling	4
	Total Module Hours	40
